**Date of birth:** 28/05/2001 | **Nationality:** Pakistani | **Phone number:** (+92) 03137296975 (Mobile) | **Email address:** [chaudhary88usama@gmail.com](mailto:chaudhary88usama@gmail.com) | **Address:** Pakistan (Home)

## ABOUT ME

I am a passionate web developer having a good knowledge of PHP/Laravel with expertise in HTML, CSS, and Bootstrap. I can develop straightforward web applications using PHP/Laravel, incorporating essential functionalities. I approach each task with creativity and precision. With a constant thirst for learning and growth, I am ready to tackle new challenges and contribute effectively to any team.

## DIGITAL SKILLS

**Framework :** Laravel (Intermediate) | **HTML, CSS , BOOSTRAP** | **Database Management:** | **Proficiency in Graphic designing** | **Microsoft Office** | **Ability to work both in a team and autonomously**

## WORK EXPERIENCE

### PROJECTS

#### Job Portal Web Application

*Laravel, MySQL, HTML, CSS, JavaScript, Bootstrap*

Developed a full-featured job portal where users can create, update, and apply for jobs. Key features include:

- User Job Management:** Users can post jobs, update job details and delete jobs.
- Job Application Process:** Other users can apply for jobs by uploading resumes, Applied jobs can be viewed and removed by users.
- Admin Panel:** Admins can manage job postings, update or block jobs, and manage user accounts by updating or deleting users.

#### Final Year Project

- Developed a mini Content Management System (CMS) using PHP and SQL.
- Designed database schemas and implemented CRUD functionalities for content management.
- Integrated user authentication and content editing functionalities for seamless operation.

## WORK EXPERIENCE

### Intern, Richmond Training Institute

- Completed a 3-month internship focusing on web development.
- Assisted in the development and maintenance of web applications using PHP/Laravel.
- Gained hands-on experience with database management, and front-end development using Laravel Blade and Bootstrap.

#### 1. Experience with Laravel

- Developed and maintained web applications using Laravel.
- Implemented authentication and authorization using Laravel Sanctum.
- Managed database migrations and Eloquent ORM for efficient data handling.
- Built responsive and interactive UI using Laravel Blade and Bootstrap.

#### 2. Frontend Development Projects:

- Created visually appealing and user-friendly interfaces using HTML, CSS, and Bootstrap.
- Collaborated with designers to translate mockups into functional web pages.
- Conducted thorough testing to identify and fix compatibility issues and improve user experience.
